

STATE OF VERMONT INFORMATION CENTERS ADVERTISING SALES KIT

Vermont Information Centers - Available Advertising Opportunities

Advertising and Promotional Opportunities

Vermont's Information and Welcome Centers serve an estimated 9,000 people each day, and are an important planning resource utilized by Vermont visitors. In a state absent billboards and with limited directional signage, we serve the purpose of providing helpful, courteous and knowledgeable information to our visitors. This places us in the unique position of being able to influence the traveler passing through the state.

Our Information and Welcome Centers provide Vermont businesses, lodging properties, and attractions with the opportunity to connect with travelers through eye-catching displays, brochures, interactive kiosks, and by phone. These promotional opportunities are provided at an affordable cost and help to support the ongoing operations of the centers.

Panel display advertising is available at many of our Information and Welcome Centers. The details regarding these opportunities are included here. For information on additional advertising opportunities, visit www.informationcenter.vermont.gov/business_marketing.

Recommendations for Advertisers

1. Include directional information with exit number and street address.
2. Use attractive, eye-catching photography and images.
3. Keep your text brief.
4. Use QR codes.
5. Avoid contact info and info that may become outdated.
